CCSDS Berlin Meeting - SOIS Draft Agenda

- Monday: Wireless Workshop
        [SOIS APP - joint session with AMS on MTS/AMS implementation feedback]

- Tuesday:
    - AM: SOIS Plenary (including initial positions on P&P)
    - PM: SOIS Subnet & ASS WG (Review of SOIS Green Book updates)
    - PM SOIS Wireless WG

- Wednesday:
    - AM: SOIS WG (File & Packet Store Services, Message Transfer Service RBs)
    - SOIS Wireless WG
    - PM: SOIS WG (Device Virtualisation Service RB)
    - SOIS Wireless WG

- Thursday:
    - AM: SOIS WG (Plug&Play Plenary - Objectives, Architectures, Demonstrators)
    - PM: SOIS WG (Device Discovery and Device Enumeration Service RBs)

- Friday:
    - AM: SOIS Plenary

CCSDS Berlin Meeting – SOIS Presentations

- **Document review**
  - Run through of Application Support services Red books – Stuart Fowell
  - Run through of Subnetwork services and Green – Dai Stanton

- **Prototyping**
  - Prototyping feedback (SciSys implementation) – Stuart Fowell)
  - Prototyping feedback (Saab Space implementation) Felice Torelli (TBC)
  - Spacewire mapping feedback – Stuart
  - Milbus Mapping feedback – Sev Gunes-Lasnet

- **Plug and Play**
  - NASA implementation of SpaceWire (Glen Rakow)
  - ESA Implementation (Stuart Fowell)
  - Bionet implementation (Kevin Gifford)
  - Plug and play architecture and way forward, including decision on dedicated WG (all)
  - Status and planning of Wireless group (Patrick Plancke)

- **Discussions**
  - Prototyping possibilities and planning (all)
  - AMS implementation with AMS group on Monday! (lead Stuart Fowell)
