

**ISO TC20/SC13 Draft RESOLUTIONS** from the **33rd** International Organization for Standardization (ISO) Technical Committee (TC) 20 Subcommittee (SC) 13 on Space data information transfer systems **Meeting – JAXA, Tsukuba Space Center, Japan, 17 June 2008:**

SC13-R-2008-06-1	The Subcommittee resolves to proceed in its interaction coordinated by CCSDS-ISO TC20/SC13 in cooperation with ISO TC/20/SC14, for observing the natural sequence of actions which derive from the previous N404/N529 and N405/N530 correspondence, as of August 2007, between both cooperating parties.
SC13-R-2008-06-2	The Subcommittee resolves to pursue in association with CCSDS an scheme that may serve as a basic orientation for both entities in their liaison work with other entities, while also considering it under the context of the existing liaison between CCSDS-ISO TC20/SC13 and ISO TC20/SC14. A renewed consultation will be addressed to CCSDS and to ISO TC20/SC13 on the proposal of and scheme for such a basic orientation.
SC13-R-2008-06-3	The Subcommittee resolves to pursue in association with CCSDS the approval of a joint Basic Policy for Cooperation with ISO/TC20/SC14. A renewed consultation will be addressed to CCSDS and to ISO TC20/SC13 for their evaluations on the existing proposal.
SC13-R-2008-06-4	ISO TC20/SC13 maintains its internal Liaison with ISO/IEC JTC1/SC29, in support to CCSDS. CCSDS is resolved to maintain a Liaison between its SIS MIA WG, with Mr. Rodney Grubbs acting as the Liaison Point-of contact, and ISO/IEC JTC1/SC29/WG11, with the corresponding ISO Liaison Point-of-Contact.
SC13-R-2008-06-5	The Subcommittee resolves to formally thanks JAXA for the excellent facilities and support that made possible the hosting and realization of the ISO TC20/SC13 33 <sup>rd</sup> meeting.
