

08 October 2007

ISO/TC 20/SC13

**ISO/TC20/SC13 Meeting
Darmstadt, Germany, 08 October 2007**

**Report of the United States Technical Advisory Group to ISO/TC20/SC13
January 2007 – October 2007**

Meetings

1. USTAG13 held its semi-annual meeting via a two day inter-Center videoconference on 11-12 September. The purpose of this meeting was to develop the official US technical working group positions to be conveyed during the October 2007 CCSDS/SC13 technical meeting series in Heppenheim, Germany.

Work Items

1. The following documents were reviewed and approved by USTAG13 during the work period between January 2007 and October 2007:
 - ISO DIS 21460, Space data and information transfer systems -- Proximity-1 space link protocol -- Physical layer
 - ISO DIS 22663, Space data and information transfer systems -- Proximity-1 space link protocol — Data link layer.
 - ISO DIS 26868.2, Space data and information transfer systems -- Image data compression

Respectfully submitted:

Adrian J. Hooke, U.S. Representative to ISO-TC20-SC13
NASA Headquarters, Washington DC
