Reference Model

- Issue 2 of the Reference Model Blue Book is awaiting formal approval by the CESC.
- At some point in the future, the Reference Model will need to be updated (by a new Working Group) to accommodate the additional services being developed by the CSTS WG.

Cross Support Concept and Executive Summary

- The Concept Book was revised at this meeting to accommodate GT's comments. The revised issue was then reviewed by GL (all sections) and PQ (Section 5 only).
- Issue 3 of the Concept Book Green Book has now been finalised and has been e-mailed to the Secretariat (TG) to be issued formally.
- Issue 2 of the Executive Summary Yellow Book was modified at this meeting and reviewed by GL and WH. It too has been sent to the Secretariat to be issued formally.
