

MOIMS-DAI Working Group

Spring 2021 CCSDS Virtual Meetings

The CCSDS Spring 2021 meetings were originally scheduled to be hosted by NASA from May 10-14, 2021 in Huntsville, AL, USA. Due to the continuing disruption of the COVID-19 situation, the Management Council determined that the in-person meetings would be cancelled and the Spring 2021 CCSDS meetings were to be held virtually. The working groups were given the option to extend the period for the virtual meetings from May 10-30. The MOIMS DAI WG has chosen to conduct our virtual meeting during the normally scheduled weekly MOIMS DAI meetings on May 11, 18, and 25.

Meetings are normally held every Tuesday: 10:00 (EST), 1500 UK time, 1600 Paris time.
