

Fall 2021 MIA
Virtual Meeting
Agenda Topic

MIA will conduct a collaborative/virtual session on 4 Nov from 0800 – 1200 Central Time USA via NASA's TEAMS application, and if needed, a second session on 5 Nov from 0800 – 1200 Central Time USA. To participate in this session, a calendar invitation containing the TEAMS link from MIA Chairman Rodney Grubbs will be required. Please contact Rodney at Rodney.grubbs@nasa.gov if you have not received a calendar invitation.

Agenda topics for the Session:

Review Interoperability Testing status

Update Yellow Book documentation of testing if no further testing is needed

Prepare for publication of Blue Book

Review research conducted by DLR on Video Quality Assessment as potential future work for the group
