

**Multispectral & Hyperspectral Data Compression Working Group**  
**Fall 2007 Meeting Agenda**  
(Draft as of Sep. 4, 2007)

- October 1 (MON)  
PM 13:00 - 17:00      Establish requirements
- October 2 (TUE)  
AM 08:00 - 12:00      Finalize selection criterion  
PM 13:00 - 17:00      Selection criterion (continued)
- October 3 (WED)  
AM 08:00 - 12:00      Review test data set (and identify any deficiencies)  
PM 13:00 - 17:00      Deliver concept papers for candidate approaches
- October 4 (THU)  
AM 08:00 - 12:00      Concept papers (continued)  
PM 13:00 - 17:00      Additional presentations
- October 5 (FRI)  
AM 08:00 - 12:00      Create action items

Following the WG charter, the main objectives of the 2007 Fall meeting are to:

1. Finalize selection criterion
2. Establish requirements matrix
3. Establish test data set
4. Describe (deliver concept papers for) candidate approaches

As a preview, main objectives for the next two WG meetings are:

- **May 2008:** Evaluate candidate algorithms; present results of candidate algorithms applied to test data sets
- **October 2009:** Select approach(es) for standardization
