

Fall 2023 CCSDS SLS-SLP WG Meetings – The Hague, the Netherlands

Nov. 6 (Starting time: 9:45, due to the Grand Plenary) – Planned until 17:00 (Monday)

Nov. 7 (Contingency AM only.) Starting Time: 9:00 (Tuesday)

Nov. 9 (Starting time: 8:45 AM – all day)– Joint meeting planned with RF&Mod, C&S WGs (Thur.)

Topics:

1. Technical Corrigendum to Space Packet Protocol (SPP), CCSDS 133.0-B-2 concerning the optional requirement for idle packets to have an incrementing packet sequence count.
 2. Resolve RIDs to USLP v 3.0 under agency review (732.1-B)
 3. **Resolve any RIDs to AOS v 5.0 under agency review (732.0-B)**
In Preparation for the Joint Meetings with RF&MOD/C&S WGs:
 4. Proximity-1 Lunar Directive Set (New Normative Annex within 211.0-B)
 5. Prox-1 Default Session Access Control Parameters for Mars and Lunar operations (New Normative Annex within 211.0-B)
 6. Results of splitting the Prox-1 (211.0) BB into 3 components: - Tom Gannett
 - a. COP-P stand alone
 - b. Prox-1 Protocol (similar to TC, TM, AOS BBs)
 - c. Session Control
- Regular due diligence:*
7. 5-year Agency Review of SLP WG documents – any blue books or green books requiring recertification under SLP WG purview ?
 8. Any additional items ? Please let me know.
